AESTHETICS TRAINING
information packet

590 Bolton road, Swinton,
Manchester, M27 4ET

Hi! Welcome...

Rosie Barnes

07762216041

visomanchester@gmail.com

Thank you for requesting more information on our fully accredited Aesthetics courses! This is the first step into your new career as a professional Aesthetician.

I understand its quite a nerve-racking moment jumping into an industry or treatment you've never done before. I have been in your shoes, but I can promise it's one of the most life rewarding things I have ever done!

I took the plunge into the Aesthetics industry quite some years ago, over the past few years I have seen how much this industry has blossomed.

This is your chance to earn up to ten times the amount you are currently earning. You can change your whole career path, be your own boss and work around your lifestyle while still earning an absolute fortune and really enjoying what you do!

I am here to teach you everything you need to know about Injectables.

During and after training you will have my ongoing, full support. You will be added into facebook and whats app support groups and chats.

If you feel unconfident at the end of your course, you may attend another course absolutely free of charge.

I'M A BEGINNER

how does it work?

We have carefully created a course which in great detail gives you the confidence and legal stance to move into the Aesthetics industry.

In our beginners combined aesthetics course you will learn a variety of treatments that will give you the correct qualifications you need to become insured. The first step of becoming an injector is our amazing SPMU Microblading course which is included in this beginners aesthetics course. It is crucial for you to complete this Microblading treatment first to move into injecting. It is also an amazing and high profit treatment to offer in your skillset. The government are regulating our industry and who can offer injectable treatments so its essential that you have Microblading behind you, because as of next year if you don't have those qualifications, you may have to re-take these exams anyway.

Benefits

- ♥ You can earn an absolute fortune once qualified!
- ♥ You can do this course while you have the free time
(Theory part of the course)
- ♥ Open the doors to bigger opportunities such as other aesthetics treatments
 - ♥ Be your own boss
- ♥ Work hours that suit you and your family
 - ♥ Enjoy your profession!
- ♥ Meet and interact with people who are on your level
 - ♥ Gain lifelong friendships

THE PROCESS

- ♥ Course Deposit to be paid to secure your place (£500 by paypal/bank transfer or cash)
- ♥ Welcome email, confirmation of booking and manuals to be sent out (Pre Study)
- ♥ You will be added to our online/facebook/whatsapp support groups and VISO group chat
- ♥ You will receive your first module to complete before training commences (depending on the course you choose will depend on how many modules there are).
 - ♥ Take as long as you need with our training, although you may have booked a course date you can push it forward if you feel you need more time to complete.
- ♥ Once you have completed each module you will be sent the next one.
 - ♥ You email back your module and Rosie Marks and gives feedback.
 - ♥ You will receive videos and online content to help you revise (the videos are of practical work)
 - ♥ You will have 7 day a week support from your trainer, contactable by whatsapp, instagram, facebook, email and facetime.
 - ♥ We also have our training course PA on hand to help with any queries.

COURSE DETAILS

and fees

VISO ANTI WRINKLE INJECTIONS

Make people look and feel ten times younger with our Botoxilin Toxin course.
We cover three main areas.

Glabella lines (frown lines)
Forehead lines (raised eyebrow lines)
Crows feet (lines when smiling around the eyes)

All course fees include **MICROBLADING SPMU QUALIFICATION** as you are a beginner and this course is required for you to legally become an injector.

ONE COURSE (two days training) - £1600
TWO COURSES (three days training) - £2300
THREE COURSES (four days training)- £2999

RUSSIAN LIP MASTERCLASS - £799

This course is not included in the package deal training.
This course is an advanced lip course and focuses solely on Russian Lips and the famous keyhole pout.
These lips techniques are very popular in this industry and we advise adding this course on if you wish to expand your knowledge and skill in the lip industry. We cover complications and dissolving on this course also. You will need to hold a current Lip qualification to take part on this course.

*We advise taking the Russian Lip Masterclass a few months after completing your training, once you are confident in doing lips.

ADDITIONAL *training*

ADDITIONAL COMPULSARY TRAINING

(Free of charge)

We cover additional training that is an absolute must when it comes to injectables

- ♥ Complications and what to do course
 - ♥ Anatomy & Physiology
- ♥ Reactions and adverse affects
 - ♥ Facial anatomy
- ♥ Hyaluronidase (dissolver)
 - ♥ First aid & CPR
 - ♥ Anaphylaxis
